

SherCrete®

FLEXIBLE CONCRETE WATERPROOFER

**ASK HOW TO ACHIEVE LONG LASTING
MOISTURE PROTECTION IN LESS TIME.**

ASK HOW TO GET THE EASE OF A ONE-PART WITH THE STRENGTH OF A TWO-PART.

Formulated with a unique combination of acrylic resin and mineral aggregate, SherCrete Flexible Concrete Waterproofer provides a slip-resistant, breathable finish designed to protect various concrete surfaces from water intrusion. This unique single component, water-based coating offers unmatched versatility for use on new or existing residential and commercial structures. It can be used as a stand-alone product or over-coated to provide maximum performance in high traffic areas. Its easy application, fast dry times, outstanding durability and tintability to hundreds of colors make it the ideal choice for professionals who demand speed, quality and aesthetic appeal.

IDEAL FOR:

- Horizontal and slab-on-grade concrete structures
- Balconies
- Walkways
- Pool decks
- Patios
- Windows and doors

SHERCRETE KEY BENEFITS

- Low VOC, single-component, waterbased formula
- Superior moisture protection and extreme durability
- Fast dry times and easy application capabilities for positive and negative side waterproofing
- Reduces prep and repair time prior to coating; bridges hairline cracks
- Can be used as part of a multi-coating SherCrete Concrete System
- Available in textured and smooth finishes and tintable to hundreds of colors

ASK FOR PROVEN PERFORMANCE, TECHNICAL SUPPORT AND LOCAL SERVICE.

With over 3300 stores and 1600 sales representatives across North America, Sherwin-Williams is uniquely positioned to help you on the job from start to finish. As your single-source for concrete and masonry coatings and repair products, plus stains, equipment and supplies, we'll help ensure that deadlines, budgets and expectations are met.
